rushabh.ingle2111@gmail.com — +91-9130257202 — Pune, India — LinkedIn — GitHub

## PROFESSIONAL SUMMARY

Associate Software Engineer with hands-on experience designing, building, testing, and deploying applications across the Software Development Life Cycle. Strong foundation in Node.js, and RESTful APIs, with the ability to translate business requirements into reliable software solutions. Proven aptitude for problem-solving, automation, peer collaboration, and taking ownership of end-to-end implementation to meet time and quality expectations.

## TECHNICAL SKILLS

**Languages:** Java, JavaScript, TypeScript

**Frontend:** React.js, Next.js, HTML5, CSS3

**Backend:** Node.js, Express.js, REST APIs, JWT, RBAC, Prisma ORM

**Databases:** MongoDB, PostgreSQL

**Tools:** Git, GitHub, Postman, VS Code, Vercel, Render

## PROFESSIONAL EXPERIENCE

### Web Developer Intern — BISUGEN

Oct 2024 – Present

- Developed and deployed production-grade React and Next.js applications for enterprise and education clients.
- Converted business requirements into technical implementations, delivering 15+ client-facing features.
- Integrated backend APIs and automated workflows to reduce manual operational effort.
- Improved code quality through reviews and refactoring, improving maintainability.

### Full Stack Developer Intern — Cuvette Tech

Sep 2024 – Jun 2025

- Built 5+ full stack MERN applications following Agile practices and full SDLC ownership.
- Implemented secure authentication and authorization using JWT and role-based access control.
- Optimized API endpoints and database queries to improve response times.
- Performed debugging, testing, and deployments to ensure stable releases.

## PROJECTS

### ShopSphere — E-Commerce Rating Platform

- Built a full-stack platform enabling users to rate and review 500+ stores.
- Designed JWT-based authentication with admin and user roles.

### QueryFlow — Ticket Management System

- Developed a ticketing system with role-based assignment and status tracking.
- Improved issue resolution through structured workflows and REST APIs.

### DevTinder — Developer Networking Platform

- Created a secure networking platform with authentication and real-time communication.
- Optimized API performance using Socket.io.

## EDUCATION

### Bachelor of Technology — Mechanical Engineering

MIT Academy of Engineering, Pune

2021 – 2024

## CERTIFICATIONS

Namaste Node.js (NamasteDev) — Learning Java (LinkedIn Learning) — GenAI with JavaScript (Chaicode)
